

### **CAN I HOLD TRADES OVERNIGHT?**

The short: YES, and over the weekend as well. The longer and full answer: The FXTA Fund is the most flexible trading fund in the Forex industry, as we know traders come with diverse trading styles and personalities. Our motto is don't tamper with a successful recipe for success. With relation to the fund, you bring the grading formula, and we won't touch it because we invest our capital applying it.

### **HOW DO I REQUEST A PROFITS WITHDRAWAL?**

We believe what you've earned is yours and due to reward you, with our trading funding abiding by the highest code of ethics for trader payment in the finance sector and online organizations worldwide. We ensure every trader is paid monthly, regardless of the sum you're due to receive. Let's keep it real: most of us don't love dealing with finances and accounting, and we're no exception. We like to keep our noses and desks clear of messes at the end of each pay period and happily payout our Portfolio Managers in a timely and organized fashion, every month.

## **About the Fund**

### **WHERE IS FXTA REGISTERED?**

Fx Trade Academy is registered and based in the UK. If you want to meet us, we welcome you to visit our office at 35 New Broadstreet, London EC2M 1NH.

### **IS FXTA REGULATED?**

No. There is no regulation class to what we do, since FXTA is not a financial institute. We do not provide any financial services, including to trading portfolio managers. FXTA is an academy and a private fund with ownership of a forex trading account under a regulated broker. We trade on our funds capital with the support of our brilliant and skilled professional portfolio managers.

### **WHAT NATIONALITY DO I HAVE TO BE TO TRADE FOR THE TRADING FUND?**

Are you a human from planet earth and over 18 years old? If your answer is yes, you are more than welcome to trade with us. FXTA celebrates diversity and is open to all nationalities, with no ethnic or cultural barriers whatsoever.

### **DO YOU ACCEPT US TRADERS?**

Yes. FXTA is not a broker, and our relationship with our traders is legally constructed by a service provider contract between the trader (the provider of the services) and the Fund (The contract issuer). Our business structure allows US traders to provide their services to our trading fund.
